

The Briefing

July - Sept 2011 Volume 3, Issue 3

Russ Strole, Brigham's father, traveled from Colorado to participate in the tournament. I played my first round of golf in over 20 years.

Trauma, PTSD, Grief & Loss

Officers and Chaplains are on the front lines and frequently have the initial contact with individuals who have experienced traumatic stress. I recently meet the educational requirement to be a

Certified Clinical Trauma Professional after attending a Trauma, PTSD, Grief & Loss conference. The conference also helped me meet the ongoing CEU requirements of the MN Board of Marriage and Family Therapy to keep my license current.

Honoring Brig

On September 26th, the Lakeville Police Department hosted the inaugural Sgt. Brigham Strole Scholarship Golf Tournament. The goal of the charity golf event was to honor the career of our friend Brig who passed away one year ago in a tragic motorcycle accident. Sgt. Jason Polinski worked diligently in organizing and coordinating the tribute event. 86 golfers, including many officers, participated in the tournament.

Over \$1,500 was raised which will be used to provide two college scholarships in Brigham's name to Lakeville High School students interested in pursuing a career in Law Enforcement. It is a particularly fitting tribute that

these scholarships are awarded in the memory of Sgt. Strole because he devoted a large portion of his career to training officers as a Field Training Officer and Firearms Instructor.

Sergeant Strole was one of the best K-9 Officers in the country winning many awards with his partner 'Blue'

Other notes from Chaplain Bellows

- Former LPD officer Mike Server invited me to address his Law Enforcement class at Inver Hills Community College on the topic of officer wellness.
- The continued work of LPCS is made possible by the financial gifts of others. LPCS is a 501c3 organization. Your tax deductible donations can be mailed to 9623 162nd Street West, Lakeville MN 55044.
